

# Notice: This Facility is a Hospital-Based Clinic

Welcome! You are receiving services at a hospital-based clinic. This provider-based clinic is licensed as part of the hospital.

You will receive one billing statement which will include both the facility and professional charges. The facility charge includes expenses for a clinic visit. The professional charge includes the services from your provider.

Depending on your insurance coverage, you may pay more for some services performed here than you would at one of our non-hospital-based clinics.
